4. OPERATIONAL GUARANTEES & LEGAL EXEMPTION

- **Air-Gapped Delivery:** Licensor delivers the offline Ed25519-signed token and npm tarball. The engine executes with exactly 0.00 bytes external telemetry or network callbacks.
- **Zero-DPA Affirmation:** Because Licensor never accesses or processes Customer Data, both parties agree that Licensor is not a Data Processor under GDPR Article 28; no DPA is required.
- **SOC 2 Audit Support:** Licensor provides the continuous machine-readable `ztds-evidence-binder.json` and attestation letters for Customer's AICPA SOC 2 Type II audit.
- **Anti-Disruption Grace Period:** Software includes an automated 60-day operational grace period upon license expiration to ensure uninterrupted production during PO renewals.
